

November 19, 1990

TO WHOM IT MAY CONCERN:

This is to certify that M/S. Indus Valley Construction Co. Ltd. has successfully performed the guniting work on the chimney (4.3 m dia X 70 m height) as our subcontractor for Bin Qasim Thermal Power Station Extension Project Unit-5 for the Karachi Electric Supply Corporation, Ltd., Bin Qasim, Karachi, Pakistan.

We were fully satisfied with their technical capability, high performance and quality of the services and efficient manner of execution which they showed during execution of the work (July 15 to September 23, 1990). We appreciate their cooperative and responsible attitude they extended to us for successful completion of the project mentioned above.

N. Saito, Construction Manager
