Karachi-29, Pakistan

Subject: Contract 391-0478-C-00-5078

Dear Brig. N. Sakeen Zia:

During the period March 26, 1986 through May 15, 1989, the Indus Valley Construction Co., (Pvt) Ltd., conducted coal exploratory drilling operations at the Lakhra, Sonda-Thatta and Indus East coal regions under USAID contract 391-0478-C-00-5078. In addition to being responsible for all drilling operations your firm provided complete logistic support and safety for your drilling crews.

The work under subject contract was conducted under the authority of USAID with liaison established with the Offices of the Director General and Planning Director of the Geological Survey of Pakistan (GSP) and with the Chief, Office of Energy & Environment, USAID. Indus Valley Construction Company (Pvt) Ltd. performed all aspects of the contract in an efficient, timely, cooperative manner, and all contract requirements were met as scheduled.

Your interest in USAID programs is appreciated, and we look forward to hearing from your firm on future requirements that fall within your expertise.

Sincerely,

  
David Johnston  
Chief, Office of Energy
